MEMORANDUM FOR: Mr. Osborn

Oz:

I noticed from the Office of Security Progress Report for May 1967 several aspects to which I think I know the answers but at your convenience please advise as to whether this is a temporary situation or a growing and continuing problem.

a. I noticed that the total overt cases in the Personnel Security Division starting in April and through May are steadily increasing by about several thousand cases.

b. In the Reinvestigation Program there seems to be an ever-widening gap between the cases scheduled and the cases completed.

c. In the technical inspection of the number of overseas stations there appears to be a far drop in the number of inspections actually completed as against those planned and estimated for the Fiscal Year.
